PERSONAL PROJECT

Portfolio Website

- Designed my own personal website, using React JavaScript Library.
- Created the portfolio website to share and showcase my work easily with the employers I would like to work for.
- Made it responsive for any kind of device.

Zangi Wushu Center (Ongoing project)

- Built a website for a Wushu (Kung Fu) training center in Afghanistan.
- Used HTML, CSS, and React JavaScript Library for the front-end.

IT support Chatbot

- Collaborated with a team of three people to develop an IT support Chatbot by customizing and training ChatGPT using the University of Oklahoma's IT support articles.
- Utilized React to create an intuitive and user-friendly front end for the web application.
- Employed FastAPI and Firebase as the backend technologies.

WORK EXPERIENCE

Community Assistant, Traditions, OU, Norman, OK

January 2020 – Present

- Performed clerical, inspection, and supervisory duties and served as a critical link between students and the Housing and Residence Life Department.
- Held monthly check-in with around 15 residents to ensure that their needs are being met.
- Organized community-building activities to raise awareness about diversity and inclusion among university students.

Services Specialist, OU Engineering Lab, OU, Norman, OK

August 2020 – September 2020

- Provided customer support via phone, email, and face-to-face interactions in our Service Centers.
- Troubleshoot minor issues, provide technical support and communicate with various IT teams to resolve more technically advanced customer incidents.
- Performed direct inbound calls across campus as the campus operator for Norman/OKC campuses.

LEADERSHIP AND AFFILIATIONS

E4E (Education for Everyone), Bamiyan, Afghanistan, June 2018 – August 2019

- Led a team of 3 in fundraising and reconstructing an elementary school in Bamiyan province.
- Conducted 3 workshops in English centers in Bamiyan province for over 50 students about scholarship opportunities for studying abroad.
